

# Safety First

## COVID-19 Procedures

The following procedures are in place to help keep participants, their families, and our staff healthy this summer. Thank you for your support!

### Screening Procedures

We ask that participants in our camp bring a negative test with them (antigen or PCR) on Mondays and Thursdays. Please keep your child at home if your child has a new or worsening cough, chills, shortness of breath, difficulty breathing, or has been exposed to someone with COVID-19 within the last 14 days.

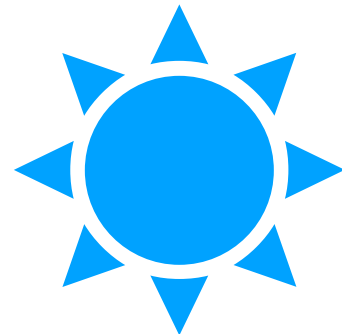

### Face Masks

Musical Munchkins staff will be wearing masks (FFP2) during the program. Participants will be required to wear masks at all times within the building. Staff will help direct when masks can be on and off.

### Hand Washing

Participants and staff will wash hands or use sanitiser upon arrival and frequently throughout the program.

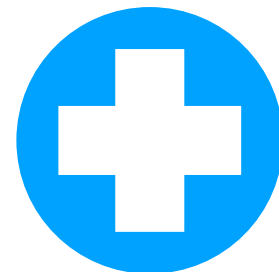

### Camp Groups

All groups will be limited to small numbers to minimise contact.

### Social Distancing

Musical Munchkins staff are busy planning fun activities which will aim to keep social distancing as the best practice, while still allowing participants to socially interact.

### Program Space

Groups will spread out in the program area, and spend as much time as possible outdoors to maximise social distancing. Surfaces and Equipment will be sanitised regularly.

Please note that procedures are subject to change based on new circumstances or updated rules and regulations from the Austrian Government.
